

Arizona Reservation Ministries...

The Frequently Asked Questions

- We're based upon only two main principals...first, (please look at our logo) 😊 we're based upon the situation in Exodus 17; we represent Aaron, our partners represent Hur. This leaves the center (Moses) position as our Native brothers and sisters. God called them to ministry, and us to come alongside them, "holding up their ARMs" in many, many ways. Secondly, we came into existence when God gave us a building less than 10 minutes from the San Carlos Apache Reservation for just \$1.00 (ONE dollar!) He's been doing amazing, exceedingly abundant things ever since. SO, we are committed to letting GOD lead.
- Our greatest need is honestly your prayers! Situations arise on a regular basis that we are desperate for God's leading to take care of. Finances, health, relationships are all vulnerable as we are truly in a spiritual warzone.
- Incorporated in 2002 as a nonprofit, 501c3, able to benefit from the tax-deductible donations of others, and gifts from Arizona residents through Arizona's Tax Credit program. Except for a few grants over the years, we are wholly supported by the gifts churches and individuals are called to provide.
- Why here? Because this is the third largest Reservation of Arizona's 22 Reservations. Prior to receiving the church building mentioned above, members of this Tribe were asking us to help them! With an unemployment rate of 75%+, alcohol, drug abuse, rape, incest, gang violence, homelessness and more, the need is tremendous! God HATES injustice, and has called us to provide hope through Jesus Christ, and fight for the rights of the San Carlos Apache Nation.
- We are truly humbled as God has allowed us to baptize well over 100 children, teens and adults since 2012! The lives of countless Tribal members have been changed for eternity by Bible lessons, food deliveries, prayers on their behalf, our presence at the birth, and death of loved ones, and the provision of homes, furniture and more.
- How can you help? We're glad you asked. 😊 Honestly, we need you to pray hard for us...this ministry, this team, and those of the San Carlos Apache Nation (we have a prayer request list on this website.) We would also love to invite you to participate in a prayer journey (drive) through the Reservation. We desperately need people to come alongside our Native team members and send them some monthly support to supplement what we're able to provide through our General Fund. **Actually...you'll discover many, many ways you can add your ARMs to this ministry. Rest assured, we'll be grateful that you did!**
